

How will we measure the impact?

- Successful implementation of Real PE Scheme of Work ‘Create Development’ in all year groups, evidenced through curriculum planning, monitoring and relevant lessons and events evaluation information
- Continue to broaden the range of sports children experience.
- Continue to provide an extensive range of enrichment (before, after school and lunch time) sport activities and measure participation levels
- Continue to enter a broader range of sport competition and measure participation levels and outcomes
- Implement in house competitions and measure participation levels and outcomes
- Children enjoy using equipment on a daily basis, both in PE lessons and during break/lunchtime and after school clubs.
- Continue to develop a passion for sports and physical activities

Summary

Another successful year where Sports Premium has allowed us to meet the objectives set out as above. Staff have access to training opportunities and Continued Professional Development and are more confident to deliver better quality teaching and learning with upgraded equipment and improved provision.

The children have been given opportunities to compete in tournaments with other school and fully participated and thoroughly enjoyed all events organised internally and externally. Some activities have been subsidised so that pupils do not miss out due to financial constraints. All children have benefitted regardless of sporting ability.

The school has maximised opportunities for both in school and out of school sporting opportunities. The results of all the competitions and participation of all sports events have been and will continue to be shared via the school Weekly Newsletter and website.
