Follow the **White Rose** <https://whiterosemaths.com/homelearning> lessons for the **current week**, watching the daily teaching videos and doing the activities as instructed. If you feel you need something a bit more challenging, look in the Year 2 Scheme of Learning (in the 'Resources' section) and work through the questions in both the 'Varied Fluency' and 'Reasoning and Problem Solving' sections. (Hide the answers to the RPS questions until you have had a go!) I will attach the worksheets that accompany the daily lesson videos.

Topic: Kings and Queens

Again – **please** let me introduce this new topic in our live session **before** you begin talking about it at all with your child.

Thank you!

What is a monarch? What does a monarch do? We will be looking at a number of different objects and discussing their use in relation to the monarchy.

What makes a good monarch? We will discuss what a monarch would do in given situations – thinking about the qualities that a monarch needs.

ACTIVITY SHEET: Which rules from the sheet would your child choose to enforce if they were King or Queen? Why? Why would they not choose the others? Which other rules would they create?

Music: 'Zootime' (Lesson 1)

Join us for this energetic session of movement and singing!

Mandarin:

Science: Everyday Materials

We will look, in the session, at a ppt reminding the children about different materials and their properties. As their activity, they will then complete the 'Comparing Suitability' sheet that I will send out to you.

Art and Games

This term we will be studying portrait art, beginning by looking at some portraits painted by famous artists. The children will then have a go at drawing their own portrait using the guidelines sent out.
