

Waltham St Lawrence Primary School

Anti-Bullying Charter

At WSL Primary School we do not tolerate bullying. We will stand up for our right to be safe and happy in our learning at school. We understand that bullying is when someone makes us feel frightened by hurting us or our feelings, over a period of time. We are a value based school and our Five Core Values are **Love**, **Truth**, **Peace**, **Responsibility** and **Community**. These underpin our commitment to ensuring bullying does not go undetected or unchallenged.

Be kind to everyone. Do not make people feel different even if they have a disability or different coloured skin.

Be yourself, believe in yourself -
Do not worry what others think.

Think before we talk or act.
Do not say mean things even for a joke.

If someone makes a mistake do not laugh at them.

Stand up for the victim and not the bully.

Say NO to bullying. See it. Report it. Stop it.

Tell a teacher, adult, sibling, friend or parent if someone is being mean or unkind to you or anyone else. The school staff will always take you seriously and do their best to make things better for you.

“We are a telling school.”

Together We Inspire and Achieve
